Last information update: May 2025

Product configuration: 170B

170B: Linear module LB XS for 48V Superrail track - BLE Casambi - GL Pro 10 cells

Product code

170B: Linear module LB XS for 48V Superrail track - BLE Casambi - GL Pro 10 cells

Technical description

Fixed linear module with 10 optic elements complete with adapter for installation on a Superrail LV track. The adapter made of a thermoplastic material includes the DC/DC driver circuit with a DALI dimmable function. Integrated «power line» technology allows each light module on the track to be adjusted separately. Fixed optics with metallised thermoplastic high definition Opti-Beam reflectors. Despite the ultracompact size of the product, the patented technology of the optic system guarantees an efficient luminous flux optimised by a special diffuser screen that reduces direct glare significantly. Main body made of extruded aluminium. A rapid tool-free system for connecting the adapter electrically and mechanically to the track.

Installation

Mechanical fastening with adapter on track.

Colour

White (01)

Mounting

Low voltage track

Wiring

Integrated DC/DC LED driver in adapter - direct connection on 48V track. Track power supply unit to be ordered separately.

Complies with EN60598-1 and pertinent regulations

Technical data

Im system:	1345.5	Colour temperature [K]:	3500
W system:	21.9	MacAdam Step:	2
Im source:	1950	Life Time LED 1:	> 50,000h - L80 - B10 (Ta 25C)
