Product code

N364: Initial module L 2405Frame

Technical description

Frame version extruded aluminium initial profile with contact frame; a double length version designed to house 2 x Wall Washer emission LED plates.

Installation

Recessed using the brackets on the profile. The initial modules can be used individually if completed with accessory caps and the required LED module.

Colour

White (01)

Weight (Kg)

5.4

Mounting

ceiling recessed|ceiling pendant

Wiring

The initial profile is supplied with pass-through wiring for continuous lines. Quick coupling terminal blocks for easier luminaire installation. Set up to house the LED modules required by the system.

Notes

Take care with the system configuration. To make continuous lines of lighting, use the intermediate modules. To complete a continuous line correctly there must always be an initial module at the start or end of the composition.

Complies with EN60598-1 and pertinent regulations
