Last information update: February 2023

Accessory code

PA21: Minimal circular flange - For recessed Ø 59 mm version

Technical description

Adapter for fast flush mounting in plasterboard suspended ceilings, specifically for Laser Ø59 fixed recessed lamps. Made of plastic with plaster containment edge. Installation in contact with the surface does not require specific panel thicknesses.

Installation

Preparation hole Ø 59 mm. Installation in contact with the perforated perimeter frame on the surface (fixing screws included) - followed by filling, levelling the reference edge and finishing - and finally inserting the recessed lamp (separate code) into the adapter.

Colour	Weight (Kg)
White (01)	0.04

Mounting

ceiling recessed

Complies with EN60598-1 and pertinent regulations
