**Accessory code**

PT68: Anti-tipping pendant system kit

**Technical description**

Bracket with pendant cables specifically designed to stop the Filorail track tipping or turning in serial projector layout situations. The 2 steel cables and manual regulators in the kit allow any track composition with excessive side weight problems to be balanced easily and effectively. Cast zamak balancing levers and details. The millimetre gauge is positioned in the lower part of the accessory.

**Colour**

White (01) | Black (04)

Complies with EN60598-1 and pertinent regulations
