

Last information update: May 2025

#### Product configuration: Q417+Q370.01

Q417: Plate - General Up / Down Light - DALI - Neutral LED - L 1196

Q370.01: Minimal initial module - General Up/Down Light - L 3594 - White

#### Product code

Q417: Plate - General Up / Down Light - DALI - Neutral LED - L 1196 **Attention! Code no longer in production**

#### Technical description

LED module set up for housing in initial or intermediate system profiles - up + down emission. DALI dimmable electronic control gear integrated in the luminaire. Extruded aluminium heat sink; high emission yield flux enhancer. Neutral LED.

#### Installation

Module insertion on profiles facilitated by a quick coupling system.

#### Colour

Indeterminate (00) | White (01)

#### Weight (Kg)

1.4

#### Wiring

Quick coupling terminal block connection to simplify connections between the luminaires. LED module complete with integrated control gear.

Complies with EN60598-1 and pertinent regulations

#### Product code

Q370.01: Minimal initial module - General Up/Down Light - L 3594 - White **Attention! Code no longer in production**

#### Technical description

Initial profile in extruded aluminium - Minimal (frameless) version for flush with ceiling mounting and up-down emission; methacrylate opal lower screen (diffused general light); screen set up for connecting several lengths by overlapping. Methacrylate diffusing screen for upper emission. Light flow split into approx. 70% down / 30% up.

#### Installation

Installation can be pendant-mounted using suitable accessories to be ordered separately. The initial modules can be used individually for various applications if completed with accessory caps and the required LED module.

#### Colour

White (01)

#### Weight (Kg)

8.5

#### Mounting

wall surface|ceiling pendant

#### Wiring

Set up to house the up-down LED modules required by the system.

#### Notes

Take care with the system configuration. To make continuous lines of lighting, use the intermediate modules. To complete a continuous line correctly there must always be an initial module at the start or end of the composition.

Complies with EN60598-1 and pertinent regulations
