

Low voltage track

Last information update: December 2024

Product code

Q620: 48V (16A) Minimal track (trimless recessed) - L 2000

Technical description

48V (16A) low voltage track for recessed applications with no contact frame (trimless). Designed to house lighting elements fitted with a 48V (16A) adaptor. Made of painted extruded aluminium, it includes a series of assembly plates designed to allow profiles to be installed in false ceilings with different thicknesses. The integrated circuit, designed to interact with the DC/DC driver included in the adapters, allows the lighting elements inserted in the track to be programmed individually. To obtain continuous lines, direct and corner joints are available with separate codes. Sealing sheath available for positioning flush with the track opening.

Installation

Ceiling or wall-recessed. Direct and corner joints are available (ceiling to ceiling/ceiling to wall).

Colour

White (01) | Black (04)

Weight (Kg)

0.89

Mounting

wall recessed|ceiling recessed

Wiring

The DALI converter, designed for remote installation, is available with a separate code. For maximum load details and cabling procedures see the instruction sheet.

Complies with EN60598-1 and pertinent regulations
