Accessory code

X187: Constant voltage power supply unit non dimmable 320W - Vin = 220-240 Vac 50/60Hz Vout = 24V IMAX = 13 A

Technical description

Constant voltage electronic power supply 24Vdc 320W. Complete with outlet cables, Vout=24Vdc±5%, Iout=13 A. The product features include overvoltage protection, short circuit protection, overcurrent and overtemperature protection. Usage temperature: -40 °C / +70 °C.

- For outdoor installations, the power supply must be inserted in a protective box;
- the IP rating requires the installer to use a suitable protective box;
- iGuzzini guarantees the IP66 rating with a X653 code accessory box.

Installation

The power supply is complete with holes and slots for securing it with screw anchors or threaded screws.

Colour
Indeterminate (00)

Weight (Kg)
1.2

Dimension (mm) (*)
252x90x48

* The dimensions may change according to production requirements to ensure that performance levels and installation methods are observed.

Wiring

For the electrical connection the power supply is complete with 2 outlet cables L= 300 mm.

Complies with EN60598-1 and pertinent regulations

Technical data

Control: On/off
