

Walky ø 200 mm bollard mounting accessory - h = 900 mm

Last information update: May 2025

Accessory code

X436: Walky ø 200 mm bollard mounting accessory - h = 900 mm

Technical description

The post is made of aluminium alloy treated with powder paint, which provides a high level of resistance to weather and UV rays. Upper cover made of painted aluminium. Walky optical assembly fixed to post using a single torx-type (safety), stainless steel screw. Inside the post and fixed to the lower base are two stainless steel rods that give the product a high level of impact resistance. The post is anchored to the floor using the fixing base that is made of painted, zinc-plated steel.

Installation

The post can be fastened to the ground/floor using screw anchors (on pavements) or via a fixing base and plate with Dakromet coated anchors for added protection against corrosion (to be ordered separately).

Colour

White (01) | Black (04) | Grey (15) | Rust Brown (F5)

Weight (Kg)

5.8

Mounting

ground surface|ground anchored

Complies with EN60598-1 and pertinent regulations
