

Frame with a satin finish screen that can be installed on a Linealuce 27 surface Full Remote - L=1216mm

Last information update: July 2024

Accessory code

X954: Frame with a satin finish screen that can be installed on a Linealuce 27 surface Full Remote - L=1216mm

Technical description

Accessory made up of two parts: an installation frame with a satin finish screen that can be installed on a Linealuce 27 surface Full Remote L= 1,216mm. The extruded aluminium installation frame is subjected to a multi-step, pre-treatment process, in which the main phases are degreasing, fluorozirconation (a protective surface film) and sealing (with a nano-structured silane layer). The following painting stage consists of a primer and a liquid acrylic paint, cured at 150°C, with a high level of weather and UV ray resistance. The installation frame will be available in 4 finishes. There are polycarbonate closure caps with an opening for water outflow in the final part of the frame. The satin finish screen is made of PMMA.

Colour	Weight (Kg)
White (01) Black (04) Grey (15) Rust Brown (F5)	0.62

Mounting

wall arm|wall surface|ceiling surface
