Product code

XA27: Kit for the stand alone, adjustable, ceiling installation of the Linealuce 27 Full Remote via pendant rods L=1.000mm

Technical description

Kit for stand alone, adjustable installation consisting of two power cable bases, two pendant rods (one with a slot for feeding in the cable and one without it) and two adjustable coupling systems for Linealuce 27 Full Remote luminaires. The power cable bases consist of an internal stainless steel part and a painted aluminium, Ø76mm diameter cover. The pendant rods are in painted stainless steel and L=1.000mm long with an external diameter of Ø10mm. The coupling systems are in stainless steel and are installed in the start and end part of the product. Using these coupling systems the product can be adjusted by 360°. All the parts described are available in four finishes.

Colour

White (01) | Black (04) | Grey (15) | Rust Brown (F5)

Weight (Kg)

0.98

Mounting

ceiling pendant

Complies with EN60598-1 and pertinent regulations
