### Product configuration: Q206

Q206: square recessed luminaire - warm white passive dissipation LED - integrated DALI control gear - wide flood

### Product code

Q206: square recessed luminaire - warm white passive dissipation LED - integrated DALI control gear - wide flood **Attention! Code no longer in production**

### Technical description

Recessed adjustable removable luminaire for LED lamp with passive heat dissipation system. Square sheet steel perimeter frame. Main structure made of die-cast aluminium. Steel rotation hinges. Die-cast aluminium lamp body with shaped surface for high level radiant effect for effectively reducing the temperature and keeping the long-term LED lamp performance unchanged. Chrome-plated aluminium lamp body closing ring. Reflector with high efficiency super-pure aluminium optic - wide flood beam angle. Orientamento del corpo con dispositivo di manovra manuale: interno 29° - esterno 75° - rotazione sull'asse 355°. Supplied with DALI dimmable control gear connected to the luminaire. Warm white high efficiency LED.

### Installation

recessed using steel springs for false ceilings with thicknesses starting at 1 mm; preparation slot 142 x 142 mm

### Colour

White / Aluminium (39) | Grey / Black / Aluminium (E1)

### Weight (Kg)

0.95

### Mounting

ceiling recessed

### Wiring

on control gear box with quick-coupling connections

Complies with EN60598-1 and pertinent regulations

### Technical data
