Product configuration: N431.15+X586.15

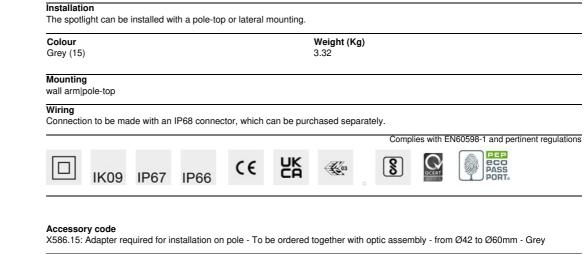

N431.15: Pole-mounted system - STWt1 optic - Neutral White - integrated DALI - Ø 42-76mm - 29.7W 4520lm - 4000K - Grey X586.15: Adapter required for installation on pole - To be ordered together with optic assembly - from Ø42 to Ø60mm - Grey

Product code

N431.15: Pole-mounted system - STWt1 optic - Neutral White - integrated DALI - Ø 42-76mm - 29.7W 4520lm - 4000K - Grey

Technical description

Outdoor luminaire with direct light street optic. The optical assembly and the pole attachment system are made of EN1706AC 46100LF aluminium alloy and subjected to a multi-step, pre-treatment process, in which the main phases are: degreasing, fluorozirconation (a protective surface film) and sealing (with a nano-structured silane layer). The painting stage consists of a primer and a textured acrylic paint, cured at 150 °C, with a high level of weather and UV ray resistance. Option of adjusting the inclination in relation to the road surface by +20°/0° (in 5° steps) for a pole-top installation and +5°-20° (in 5° steps) for a lateral installation. 5 mm thick extra-clear sodium-calcium closure glass fastened to the product with 4 captive screws. The high IP rating is guaranteed by the silicone gasket placed between the two elements. Complete with circuit featuring monochrome LEDs and polymer optic lenses. Product pre-wired with outlet cable. The IP68 connector can be purchased separately as an accessory. The wiring and optical compartment can be opened with everyday tools (no retention cables) or tool-free devices. The luminous flux emitted in the upper hemisphere of the system in the horizontal position is null (in conformity with the strictest standards for the prevention of light pollution). All external screws are made of stainless steel.

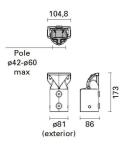

Technical description

Liquid painted die-cast accessory required for both pole-mounted (+20°/0°) and lateral (+5/20°) installation. The screws used are made of stainless steel.

Colour	Weight (Kg)
Grey (15)	0.68

Complies with EN60598-1 and pertinent regulations
