

Pair of outer casing caps - for stand alone application (single product) L = 8.3 mm

Last information update: December 2024

**Accessory code**

X523: Pair of outer casing caps - for stand alone application (single product) L = 8.3 mm

**Technical description**

Pair of black, glass fibre-reinforced polypropylene side caps complete with membrane cable glands. To be used in outer casings for single product (Stand Alone) installations. The side caps are supplied with openable circular walls to facilitate the insertion of corrugated tubes (passage of power cables).

**Installation**

The caps are secured to the outer casing using the stainless steel screws present in the outer casing itself.

**Colour**  
Indeterminate (00)

**Weight (Kg)**  
0.15

Complies with EN60598-1 and pertinent regulations
